

Titel: Methoden der Internationale Beziehungen II: Methods for International Relations II	Verantw.: Carey, Sabine. Banholzer, Lili Durchf.: Banholzer, Lili
Art der Veranstaltung: Übung	Angeboten im: Herbstsemester 2014

Kursbeschreibung:

This course will help students advance their methodological skills so that they can pursue meaningful research on their own. In this course we will learn and use R - a statistical programming language. Students are expected to complete data activities in class, complete homework assignments, and finally design and implement a research paper on an topic relevant to international relations. Course is taught in English. Guest Lectures by Will Lowe.
